兆豐產物營造綜合保險 219A(CAR) Special Conditions Concerning Pipe Jacking Operation

113.05.17 兆產備字第 1135200135 號

This endorsement forms part of Section I and is subject to the terms, exclusions, provisions and conditions contained in the Policy or endorsed thereon, the Insurers shall only indemnify the Insured for loss or damage directly or indirectly arising during the pipe jacking operations, if the soil analysis (soil samples, test borings, sieve analyses, etc.) required for proper boring or jacking operations in accordance with latest technical standards has been carried out prior to the commencement of work and if the contractor is familiar with the thrust boring or pipe jacking technique.

It is further agreed and understood that the Insurers will not indemnify the Insured for any costs and expenses incurred or arising from

1. the abandonment of pipe jacking operations;
2. missing the target point of the boring, deviation from the scheduled direction, misalignment of the pipe jacking;
3. loss of or damage in the drilling mud or similar (e.g. bentonite, slurry, lubricant);
4. damage to the outer insulation of the pipe (if any);

However, the above exclusions 1, 2 & 4 will not apply to any unforeseen and sudden physical loss of or damage to other parts of the contract works as a result thereof and is subject to the terms, exclusions, provisions and conditions contained in the Policy or endorsed hereon. During pipe jacking operations the maximum stress upon the tube or pipe shall not exceed 85% of the specified minimum yield of the material.
