### **50/50 Clause**

Upon arrival at the Contract site all Insured property supplied intended to be part of the contract, which is packed or crated should be visually inspected for signs of possible damage. If any sign of damage is visible the items are to be unpacked immediately and further inspected and reported to Marine Cargo Insurers. Such a loss or damage discovered is excluded by this policy.

Where no sign of loss or damage to the packing exists any damage to the goods which subsequently becomes evident upon their unpacking within the period allowed will be ascribed to the Marine cover or the Contract Works cover according to whether it is clear that it was caused before or after arrival of the property at the Contract Site. If it is not possible to establish whether the damage was caused before or after arrival of the goods at the Contract Site it is agreed that settlement will be made on a 50%/50% basis between the Marine Cover and Contract Works Cover.
