### Special warranty for loading survey

It is warranted by applicants/assureds surveys be carried out by appointed surveyors when loading at loading port at their expenses. Survey items should include hydrous quantity, aflatoxin and acid value and the like sampling values within the subject matter insured in cabins of carrying vessels. Samples of such should be well kept in carrying vessels and be available at all time during the whole voyage. Also survey reports must specify weather conditions during loading (weather, temperature and humidity).
